OBJECTIVE:

To excel as a Full Stack Developer by leveraging my 3 Years and 3 Months of experience and expertise in Full stack technologies to build innovative, high-quality applications. I am committed to contributing to impactful projects that prioritize innovation and collaboration.

SKILLS:

- **Programming & Backend Development :** Java (Spring Boot) , Node.js (Express.js)
- **Frontend Development:** React.js (Hooks, Redux ,Typescript) , HTML5 , CSS3 , JavaScript (ES6+)
- **Microservices & API Development:** RESTful APIs
- **Database & Storage:** PostgreSQL
- **Cloud & DevOps:** AWS (RDS, S3,Lambda,CloudWatch), CI/CD Pipelines
- **Software Development Practices:** Agile Methodologies (Scrum, Jira), Version Control (Git) , Unit & Integration Testing (Jest, React Testing Library)

WORK EXPERIENCE:

Specialist - Software Engineering

LTIMindtree, Bangalore - India   `   **JAN 2025 – Present**

- **Implemented** a responsive UI using ReactJS and Tailwind CSS for seamless user experience.

- **Optimized** data fetching and state management to enhance dashboard performance.

Software Developer

Whizlabs Software Private Limited, Coimbatore-India   **DEC 2021 – DEC 2024**

- **Subscription Management**: Developed monthly and yearly subscription models using Stripe with Basic and Premium pricing. Integrated webhooks for seamless tracking of subscription updates and cancellations.

- **Campaign Module**: Designed a new campaign system enabling the Digital Marketing team to autonomously launch time-specific deals and discounts on selected courses

- **Checkout Flow**: Built a comprehensive cart system from scratch using Redux, integrating Stripe for payments in multiple currencies (USD, INR, EUR). Developed "My Account" for tracking purchased products and automated course access.

- **Bookmarking**: Implemented a feature allowing users to bookmark videos and practice tests, with easy dashboard access.

- **Sales Enhancement**: Improved cart by suggesting related products through pop-ups, boosting sales.

- **Library Page**: Developed a course library with advanced filtering options for enhanced user experience.

PERSONAL PURSUIT (2018 – 2021)

- Prepared for **GATE CSE (2018–2021)** with the goal of pursuing **M.Tech in Computer Science & Engineering**. Despite strong preparation, I could not secure admission to my desired university, but the experience deepened my problem-solving skills in core CS subjects
